## INTERNSHIPS

An opportunity for college-age individuals to serve with CrossRoads Missions

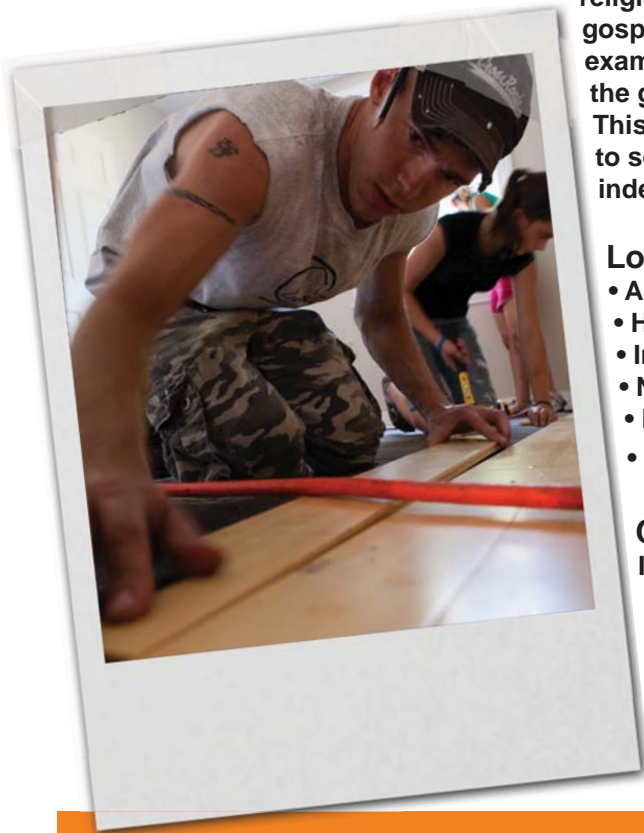

### Description:

CrossRoads Missions offers internships ranging from 10 weeks to 2 years. CrossRoads Internships offer individuals an opportunity to expand their view of the work Christ is doing in and through His Church. You will have the opportunity to work with people committed to prayer, contemplation, love and humility.

Internships offer students the opportunity to serve mission teams and the local community. In addition students will lead construction crews, cook meals, organize community programs, lead small group devotions and grow close together as a team. During an internship, you will spend time with your team discussions on biblical,

religious and social matters as you seek to understand and apply the gospel in the world in which we live. Above all intern teams are to be examples of Christ's love not only in these communities, but for all of the groups who work with our ministry.

This program requires spiritually mature individuals who continue to seek growth in their faith. We are looking for students who are independent, take initiative and are eager to serve in every capacity.
