To: Andy White, Crossroads Missions
Keith Wilson, Center Point Christian Church

To my blessed friends:

One day, I was in the middle of budgeting for our next house and knew we were too short on funds. At that very moment, the phone rang and it was Andy White of Crossroads Missions who had gotten my name from Ryan Miller, Executive Director of Habitat for Humanity of Ohio. Andy explained the church's ministry of building walls, delivering the walls and helping with money for trusses. The mission is named Help Build Hope.

After quizzing Andy – I didn't believe this was real – I told him I thought this was too good to be true. He assured me it wasn't and began sending me information about the available house plans. A partner church named Center Point Christian Church located a little north of Cincinnati would build and deliver our walls. On Sunday September 27, as promised, Dave from Center Point Christian drove 2 hours to deliver our walls. Not only did we receive walls, but we received extra materials and a check for \$1500 to buy trusses. The walls are all numbered to match a plan you are given, so it's like a Build By Number project!

In this time of economic downturn and fewer jobs, God has truly blessed us with this ministry. My message to other Habitat affiliates is this: This is a REAL blessing for us; don't doubt it.

Sincerely,

Carol Martin, President
Habitat for Humanity of Hocking County
